

bogdan and biklen pdf

In the social sciences, triangulation is often used to indicate that two (or more) methods are used in a study in order to check the results of one and the same subject and is a popular method of study in sociology. "The concept of triangulation is borrowed from navigational and land surveying techniques that determine a single point in space with the convergence of measurements taken from two ...

IDENTIFYING BARRIERS IN IMPLEMENTING OUTCOMES-BASED Email

"The normalization principle means making available to all people with disabilities patterns of life and conditions of everyday living which are as close as possible to the regular circumstances and ways of life or society." Normalization is a rigorous theory of human services that can be applied to disability services. Normalization theory arose in the early 1970s, towards the end of the ...
