

case studies in library pdf

Student case scenarios are a useful tool for generating discussion; providing insight and perspective on relatable situations, such as those experienced by graduate research students when managing their research data.

Case studies - Library

Los Angeles (Calif.) Public Library: Two Paths, One Destination: Culture Change in a Major Library System
The Los Angeles Public Library, a massive library system with a service area of 3.9 million people, joined Libraries Transforming Communities (LTC) to generate new ways to deepen their connection to community and help people in communities address issues that mattered to them.

Case Studies | Tools, Publications & Resources

Download this case study to discover how a global information solutions company was able to automate request management services in legacy and multiple systems. This case study includes a detailed review of the Robotic Process Automation (RPA) solution implemented by Mindfields for the Client.
