Glitch is a genre of electronic music that emerged in the late 2000s. It has been described as a genre that adheres to an "aesthetic of failure," where the deliberate use of glitch-based audio media, and other sonic artifacts, is a central concern.. Sources of glitch sound material are usually malfunctioning or abused audio recording devices or digital electronics, such as CD skipping ...

Glitch (music) - Wikipedia

The music of the United States can be characterized by the use of syncopation and asymmetrical rhythms, long, irregular melodies, which are said to "reflect the wide open geography of (the American landscape)" and the "sense of personal freedom characteristic of American life". Some distinct aspects of American music, like the call-and-response format, are derived from African techniques and ...
