In social science, a social relation or social interaction is any relationship between two or more individuals. Social relations derived from individual agency form the basis of social structure and the basic object for analysis by social scientists. Fundamental inquiries into the nature of social relations feature in the work of sociologists such as Max Weber in his theory of social action.

Introduction. Reading is a fundamental skill that defines the academic successor failure of students. As noted by Barbara Foorman from the University of Texas, Houston Medical School, "88 percent of students who were poor readers in first grade were poor readers in fourth grade" (National Institute of Child Health and Human Development [NICHD], 2000, 9).
