International Journal of Project Management, Volume 26, Issue 6, August 2008, Pages 655-664 Conceptual determinants of construction project management competence: A Chinese perspective

Conceptual determinants of construction project ma - CORE

The Significance of Possessing a Project Charter . A project charter is a document that approves a project formally. The project manager does not form a project charter. Instead, the sponsor issues it in order to authorize the project manager with the power to initiate the project and acquire the resources for the activities of the project.
