Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.

The Importance of Play in Promoting Healthy Child

Gardens are integral parts of home landscapes. Gardens provide beauty in the form of colorful flowers, fruit, foliage, and bark. The beauty of gardens is enhanced by snow, blue skies, birds, and butterflies.
