Public economics (or economics of the public sector) is the study of government policy through the lens of economic efficiency and equity.. At its most basic level, public economics provides a framework for thinking about whether or not the government should participate in economic markets and to what extent it should do so.

Georgism, also called geoism and single tax (archaic), is an economic philosophy holding that, while people should own the value they produce themselves, economic value derived from land (often including natural resources and natural opportunities) should belong equally to all members of society. Developed from the writings of the economist and social reformer Henry George, the Georgist ...
