As London counts down the final days before the beginning of the 2012 Olympic Games, The Lancet publishes a Series on physical activity, including a new analysis that quantifies the global impact of physical inactivity on the world's major non-communicable diseases. The Series will also review current levels of physical activity and trends worldwide, why some people are active and why some are ...

Disease in colonial America that afflicted the early immigrant settlers was a dangerous threat to life. Some of the diseases were new and treatments were ineffective. Malaria was deadly to many new arrivals, especially in the Southern colonies. Of newly arrived able-bodied young men, over one-fourth of the Anglican missionaries died within five years of their arrival in the Carolinas.
