The published literature of the 20th century is a particularly interesting subject and is the focus of this book, as it represents the provocative conjuncture of the transitions of Indian modernity. This reference book surveys the major regional literatures of contemporary India in the context of the country's diversity and heterogeneity.

English 305. Modern English Literature: The Twentieth Century

Thus during the twentieth century philosophical approaches to language, the kinds of theorizing now known as "philosophy of language"™, have been developed in a context in which language has been taken to be a primary resource for philosophy, and as a result there has been a two-way relationship in which conceptions of language and of philosophy have been developed together.
